NEW IN 2026 • A HOLIDAY GIVING PROGRAM

Gifts for Grown-Ups

They make the holidays happen. Let's make sure they're remembered, too.

45% of households served through FSA's Community Action Program are headed by single parents.

*For many, rent, groceries, utilities, and their children's needs come first. During the holidays, there's often little left for themselves. This year, we're launching Gifts for Grown-Ups to celebrate **30 local single parents** with gifts chosen especially for them.*
